

Press release 1 September 2021
13:30 CET

This release is provided for information purposes only and does not constitute or form part of, and is not made in connection with, any offer for sale of, solicitation, invitation or recommendation to subscribe for, underwrite or otherwise acquire any securities of the company or any of its subsidiaries or affiliates (the “Group”), nor should it or any part of it form the basis of, or be relied on in connection with, any contract to purchase or subscribe for any securities of the Group or any of its subsidiaries or affiliates, nor shall it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever.

This release is not for distribution in the United States of America (including its territories and possessions), the Hong Kong Special Administrative Region of the People’s Republic of China, South Africa, Canada, Japan or Australia.

Assemblin initiates review of potential strategic and financial alternatives

Assemblin’s majority shareholder, Triton Fund IV (“Triton”), has initiated a process to explore strategic alternatives for its investment in Assemblin, including a public listing. There is no formal timetable for this process and no decision related to strategic alternatives has been made at this time.

The company does not expect to make additional public comment regarding these matters at this time. As the review is conducted, Assemblin remain focused on executing its strategy and serving its clients.

About Assemblin

Assemblin is an end-to-end installation and service partner with operations in Sweden, Norway and Finland. We design, install and maintain technical systems for air, water and energy. Our vision is to create smart and sustainable installations that make buildings work and people feel comfortable. We do this through close local collaboration supported by a strong organisation. We have annual sales of approximately SEK 10 billion and 5,900 dedicated employees at more than 100 locations in the Nordic region. Read more at assemblin.com.
